Medical*Notes*

The home in Southern Indiana that was the home of Henry and Mary Klinker directions on how to get there: Go west of Palmyra on 150, or to 150, West and right on McDracken and about 1 1/2 mile.

.....

The story goes that on the trip across the ocean from Germany a baby died and had to be buried at sea. They had to wait for 2 days because there was a whale following the ship. As a result, Mary would never cross again because of her fear. It was not their baby, though they did have a small daughter when they came across.

.....

After Grandma Mary Klinker died, Henry sold his farm to Lena Libka. his daughter, and moved into Palmyra to stay with another daughter, Cora Avery. Mary died in 1916 and Henry lived until 1929.

.....

Henry Frederick Klinker was the son of William and Menna Klinker. Henry was born March 27, 1836, at Westfalen, Germany. He married Mary Frances Lamping (daughter of Frederick and Lucy Lamping). They were married September 18, 1867. Mary was born in Westfalen, Germany, on June 19, 1846. They lived near the Rhine River and was united with the German Reform Church. Henry was a mail carrier when he met Mary. They came to the United States on a ship named Lord Baltimore about October 1869, some time after the assassination

Rhine River and was united with the German Reform Church. Henry was a mail carrier when he met Mary. They came to the United States on a ship named Lord Baltimore about October 1869, some time after the assassination of Abraham Lincoln. It took about two weeks to make the trip. While they were on board, a small baby died and was buried in the sea. This was upsetting to Mary. They spent some time in Baltimore visiting a cousin before going on to Indiana to live near some more cousins. He bought 60 acres near the Miller family. Although Henry wanted later to go back to Germany to visit, Mary was afraid because the captain had asked them to pray that the ship would not sink on the way over. The occasionally did visit northern Indiana to visit Lewis and family, but otherwise did not travel very far from home.

Henry had four brothers, also of Westfalen and Mary had a brother Henry. Mary apparently also had a sister, Amelia Rothschild, who lived in Louisville, Kentucky.

Mary was diabetic and had a bad leg. She passed away on the farm close to Palmyra, Indiana on February 23, 1916 at age 69 after a long illness. Henry passed away September 27, 1929, at the home of his daughter, Cora Avery, in Palmyra. He was 93 years and 6 months. There were 12 children, nine of which grew to be adults. They attended and were members of the German M.E. Church at Central Barren, south of Palmyra. They became members in 1871. Henry got 3 German newspapers and read them up until the time of his death. They never learned to read English, though they spoke it some. Henry was a little man and Mary was a large woman. It seems that Henry was quite close with his money (He must have passed that on down!) They are both buried in the cemetery at the Central Barren Church. They were both quite hard to understand. Mary baked the best cookies and they both wore wooden shoes.

.....
 From Sadie Longardner's stories.....Our Grandfather and Grandmother Klinker.....Grandmother and Grandfather Klinker lived on a farm 1 mile west of us. Many times we walked through the fields to get there. At one time they lived in an old house, but later built a new house. They kept the old house. It was in the same yard. They also had a summer kitchen. In the summer, cooking was done in the summer kitchen and the food was served in the old house. It was always cooler in there. The new house was used more in the winter. I still remember Grandma carrying things from one house to the other while wearing wooden shoes. The water was carried from a well near the barn. They also had 11 children. They raised 9. Our Grandmother Klinker had a brother named Henry Lamping.

The home in Southern Indiana that was the home of Henry and Mary Klinker directions on how to get there: Go west of Palmyra on 150, or to 150, West and right on McDracken and about 1 1/2 mile.

.....

The story goes that on the trip across the ocean from Germany a baby died and had to be buried at sea. They had to wait for 2 days because there was a whale following the ship. As a result, Mary would never cross again because of her fear. It was not their baby, though they did have a small daughter when they came across.

.....

After Grandma Mary Klinker died, Henry sold his farm to Lena Libka. his daughter, and moved into Palmyra to stay with another daughter, Cora Avery. Mary died in 1916 and Henry lived until 1929.

.....

Henry Frederick Klinker was the son of William and Menna Klinker. Henry was born March 27, 1836, at Westfalen, Germany. He married Mary Frances Lamping (daughter of Frederick and Lucy Lamping). They were married September 18, 1867. Mary was born in Westfalen, Germany, on June 19, 1846. They lived near the Rhine River and was united with the German Reform Church. Henry was a mail carrier when he met Mary. They came to the United States on a ship named Lord Baltimore about October 1869, some time after the assassination of Abraham Lincoln. Medical**Notes**

My Grandpa Klinker was a tall man and he kept his hair all his life. Did not go bald like many men do. At the end he had snow white hair. Mom (Mary) told me that Lewis had a problem with his stomach. He ate a lot of poached eggs and eggs on toast and softer foods. At times he would double over in the field but would keep on working. He must have been in a lot of pain. Grandma would try to give him the right foods that would not cause him more trouble. But when he died, it was not a stomach problem at all, but he got pneumonia and died of that. He was just about 70 years old and retired from farming and was living in Monroeville at the time. He died at home.

.....

Mom also tells that Lewis and his sons would sometimes fight and push each other around. Not in fun and wrestling, but because they had disagreements. This was after the boys had gotten as big as he was. Guess that old German stubbornness was pretty strong. Sometimes it was actual fist fights, and sons will be rebellious at times!!

.....

Apparently Lewis was a lay leader in the East Liberty United Brethren Church south of Monroeville and just down the road from where they lived. He led the singing at times. Apparently he could play the violin but I never saw any of that, and he had a good singing voice. Later there was a man on the TV show PTL that played the violin and mom said he reminded her so much of her father.

.....

Read at Lewis Klinker's funeral.....Lewis H., son of Henry and Mary Klinker was born in Washington County, Indiana, on May 31, 1873, and passed from this life at his home in Monroeville Indiana on December 23, 1942, at the age of 69 years, 6 months and 22 days.

On January 8, 1896, he was untied in marriage to Hattie Miller. Eleven children were born to this union, all of whom are living. Mr. Klinker and his family moved to this part of the state about 30 years ago, and came to the Monroeville Community 23 years ago. He was ever a son of the soil; and even after his retirement from the farm, he kept a keen interest in farming even up to the time of his death.

He accepted Christ as his Saviour in 1904 and remained a fervent disciple until the end of his life here giving testimony of the reality of his relationship with God in Christ at every opportunity.

Surviving are his widow, the children, HARRY of Edgerton, Indiana, SADIE LONGARDNER of Fort Wayne, RAYMOND of Maples, Indiana, HOMER, of Woodburn, Indiana, PEARL OHLER of Payne, Ohio, RALPH of Monroeville, MARY BROWN of Leo, Indiana, ERNEST of Convoy, Ohio, IRENE DENEVE, of Hicksville, Ohio, MAXINE DENEVE of South Whitley, Indiana, and HELEN, of Fort Wayne, Indiana, 30 grandchildren, and two great grandchildren.

.....

From the Marriage Records of Washington County, Indiana, page 1

"I, the undersigned, certify that on this 8th day of January 1896, I solemnized the marriage of Lewis Klinder and Hattie Miller according to law. Jacob Allinger, Preacher.

Lewis Klinker, farmer, born Washington Co., Indiana. Age 23 next birthday, parents Henry Klinker and Maria Lamping. Hattie Miller, born Washington County, Indiana. Age 22 next birthday, parents Rudolph Miller and Amanda Simpson."

.....

The farm of Lewis Klinker in Monroe Township, Allen County, Indiana, was in Section 31, the North West Quarter. Without the abstract cannot be sure just how much of that quarter he owned. About 1885 when the Atlas was dated the land belonged to Hugh Anderson.

.....

In 1969 after the death of Grandma Klinker (Hattie) the farm was sold for \$400 an acre and it was probably worth much more than that. . At that time it was still 160 acres of good level, high producing soil, all under cultivation except 6 acres woods and known as one of the better farms in this vicinity.

This farm has been in the Klinker family for 50 years, and has been farmed by Ralph Klinker for the past 34 years.

The House: 8 room semi-modern home with 4 rooms and nice bath down, 1 bedroom down and 4 bedrooms up. Basement.

My recollection of the house: Downstairs was the small kitchen with large cook range, inside sink and cistern pump, and pantry. The dining room was next to it and fairly large with the table with many boards in it so all could sit around the table. The stairway to the upstairs was in the area between the kitchen and dining area. Off the dining room was the one bedroom which seemed long and narrow to me. In the winter there was a heating stove set up in the dining room also. The living room or parlor was most of the time shut off from the rest of the house. In the winter it was not heated very often, but at Christmas it was open for all. There was a porch that opened from both the dining room and the kitchen and I can remember a swing on it. Upstairs I remember just a few of the rooms. Seems one or two of them were used as storage rooms after most of the kids were gone from home. It was a big house, but suppose with 11 children, it was still quite crowded, especially in the winter when they all congregated in the kitchen and dining rooms.

Mom and Lois had gone with some of her family and dad got this great idea that we would surprise them and go down so got up about 3 am and took off for Southern Indiana. They were surprised. But I remember staying at the Avery's home in Palmyra while we were there. Her home is still in the family and filled with antiques I hear.

They are both buried in Crown Hill Cemetery, Salem, Indiana. Minnie was triple related - Hattie's double cousin, married to Lewis Klinker's brother, making her an aunt to his children.

I remember Uncle Ben and Minnie. We would go to their house occasionally. They must have lived in the area close to Monroeville or Woodburn at the time. It was a small cottage type of house with a white fence all around the yard. Later they moved back to Southern Indiana, but Ben was here in a Fort Wayne nursing home when he died.

There is something about Willie Royce that I am not sure about. I have 2 different women being married to Willie or Will Royce and both having him dying in 1963. Here we have him marrying Cleona Libka and it looks like she died in 1950. The other was Stella Miller, daughter of Anna Florene, and she married Otto Diedrich and a son named Laurel. Otto died and Stella married Will Royce who died of a heart attack in 1963. So it is possible that both were married to the same Will Royce. Need to find a marriage of Stella Diedrich to Will Royce for a date.

Notes

My Grandpa Klinker was a tall man and he kept his hair all his life. Did not go bald like many men do. At the end he had snow white hair. Mom (Mary) told me that Lewis had a problem with his stomach. He ate a lot of poached eggs and eggs on toast and softer foods. At times he would double over in the field but would keep on working. He must have been in a lot of pain. Grandma would try to give him the right foods that would not cause him more trouble. But when he died, it was not a stomach problem at all, but he got pneumonia and died of that. He was just about 70 years old and retired from farming and was living in Monroeville at the time. He died at home.

.....

Mom also tells that Lewis and his sons would sometimes fight and push each other around. Not in fun and wrestling, but because they had disagreements. This was after the boys had gotten as big as he was. Guess that old German stubbornness was pretty strong. Sometimes it was actual fist fights, and sons will be rebellious at times!!

.....

Apparently Lewis was a lay leader in the East Liberty United Brethren Church south of Monroeville and just down the road from where they lived. He led the singing at times. Apparently he could play the violin but I never saw any of that, and he had a good singing voice. Later there was a man on the TV show PTL that played the violin and mom said he reminded her so much of her father.

.....

Read at Lewis Klinker's funeral.....Lewis H., son of Henry and Mary Klinker was born in Washington County, Indiana, on May 31, 1873, and passed from this life at his home in Monroeville Indiana on December 23, 1942, at the age of 69 years, 6 months and 22 days.

On January 8, 1896, he was united in marriage to Hattie Miller. Eleven children were born to this union, all of whom are living. Mr. Klinker and his family moved to this part of the state about 30 years ago, and came to the Monroeville Community 23 years ago. He was ever a son of the soil; and even after his retirement from the farm, he kept a keen interest in farming even up to the time of his death.

He accepted Christ as his Saviour in 1904 and remained a fervent disciple until the end of his life here giving testimony of the reality of his relationship with God in Christ at every opportunity.

Surviving are his widow, the children, HARRY of Edgerton, Indiana, SADIE LONGARDNER of Fort Wayne, RAYMOND of Maples, Indiana, HOMER, of Woodburn, Indiana, PEARL OHLER of Payne, Ohio, RALPH of Monroeville, MARY BROWN of Leo, Indiana, ERNEST of Convoy, Ohio, IRENE DENEVE, of Hicksville, Ohio, MAXINE DENEVE of South Whitley, Indiana, and HELEN, of Fort Wayne, Indiana, 30 grandchildren, and two great grandchildren.

.....

From the Marriage Records of Washington County, Indiana, page 1

"I, the undersigned, certify that on this 8th day of January 1896, I solemnized the marriage of Lewis Klinker and

"I, the undersigned, certify that on this 8th day of January 1896, I solemnized the marriage of Lewis Klinder and Hattie Miller according to law. Jacob Allinger, Preacher.

Lewis Klinker, farmer, born Washington Co., Indiana. Age 23 next birthday, parents Henry Klinker and Maria Lamping. Hattie Miller, born Washington County, Indiana. Age 22 next birthday, parents Rudolph Miller and Amanda Simpson."

.....

The farm of Lewis Klinker in Monroe Township, Allen County, Indiana, was in Section 31, the North West Quarter. Without the abstract cannot be sure just how much of that quarter he owned. About 1885 when the Atlas was dated the land belonged to Hugh Anderson.

.....

In 1969 after the death of Grandma Klinker (Hattie) the farm was sold for \$400 an acre and it was probably worth much more than that. . At that time it was still 160 acres of good level, high producing soil, all under cultivation except 6 acres woods and known as one of the better farms in this vicinity.

This farm has been in the Klinker family for 50 years, and has been farmed by Ralph Klinker for the past 34 years.

The House: 8 room semi-modern home with 4 rooms and nice bath down, 1 bedroom down and 4 bedrooms up. Basement.

My recollection of the house: Downstairs was the small kitchen with large cook range, inside sink and cistern pump, and pantry. The dining room was next to it and fairly large with the table with many boards in it so all could sit around the table. The stairway to the upstairs was in the area between the kitchen and dining area. Off the dining room was the one bedroom which seemed long and narrow to me. In the winter there was a heating stove set up in the dining room also. The living room or parlor was most of the time shut off from the rest of the house. In the winter it was not heated very often, but at Christmas it was open for all. There was a porch that opened from both the dining room and the kitchen and I can remember a swing on it. Upstairs I remember just a few of the rooms. Seems one or two of them were used as storage rooms after most of the kids were gone from home. It was a big house, but suppose with 11 children, it was still quite crowded, especially in the winter when they all congregated in the kitchen and dining rooms.

Notes

Grandma Hattie had 11 children and she also had one miscarriage. It may have been her last child but anyway there was a fire in the attic and she tried to help put it out and slipped off one of the ceiling joices and her leg went through the ceiling. And that was enough to cause her to miscarry the child. It was the only problem she ever had in having children.

Notes

Harry and Esther lived much of their lives in the little town of Edgerton which was right on the state line between Indiana and Ohio. It is on a jog in the road. We didn't go there too often, but I believe that Harry did auto mechanic work and had a garage in Edgerton.

Apparently they must have also lived for a time (when some of the children were born) at Maples. Maples is somewhere between Fort Wayne and Monroeville. I guess Grandpa Klinker had a farm there and I know that Raymond lived there with his family for a time too. We used to visit when Raymond lived there.

When Harry died August 9, 1951, his services for the funeral were held at the Wesleyan Methodist Church in Edgerton, Indiana at 2 p.m. with Rev. Gerome Dilts and Rev. Glenn M. Bennett officiating.

Medical**Notes**

A story about Ralph, and his sister Mary.....my mom....."One incident that was related to me one day was about mom's brother Ralph. They were arguing as siblings will do, and Ralph dared my mom to put her foot up on the chopping block and he would cut off her toes. (No doubt Ralph was out there chopping kindling for the wood stoves) Like a real "dummy" she did it and he swung the axe or hatchet, but she got her foot down in time. Doubt she ever tried that again. Apparently she didn't think he would do it."

.....

Ralph was a big man and when Grandma and Grandpa Klinker moved into Monroeville to spend the rest of their lives there, Ralph took over the farm. We, Guy and Mary, and Lois and I, would spend many a Sunday at their house. Cousin Louise was my age, and Dad and Mom and Ralph all grew up together on that very farm. Often we went for dinner, but not always. At that time they had a house full of babies. Ralph's first wife, Mary Anderson, had died and Ralph married Lena. Louise was the only child of Ralph and Mary. Ralph was a hard worker, and had a really hearty laugh that he used often. After the advent of soda pop, it seemed they had stacks and stacks of it. Would drink that when they went to the fields instead of just water or lemonade. After he grew a little older and much more prosperous he would buy new cars and then every 2 years would trade them in for another new model so he always had the latest in the way of cars.

Finally after Grandma Klinker died in 1969 in the Monroeville house, he bought that or it was a part of his inheritance and he and Lena moved from the farm to town for the rest of their lives. They had a son who lived in the house right across the street from Grandma's.

.....

From funeral announcement: Services were held at the East Liberty United Methodist Church, south of Monroeville. Officiating was the Rev. Rick Borgman. Services were held at 11:00 a.m. on Monday, December 11, 1995.

Notes

Mary Klinker was born in Southern Indiana in Washington County. Lived there with many relatives close by as that was where the Klinkers, Simpsons, Millers, and Voyles were from. They moved from there to a farm near Payne, Ohio. Then on to the farm at Monroeville about 1919. Mom lived there until she was married, or nearly. She did do some work in Fort Wayne and lived at different places at that time. She worked for a family by the name of Curdes. She also worked at the Dudlo factory for a while. At the Dudlo she examined radio coils. One of the things she did early was when someone in the family had babies, she was sent to take care of them for several weeks. My Aunt Pearl was one that she went to work for. This may have been "free" work. Mom was a very good worker and always kept a good clean house, did a lot of gardening. She also helped dad out on the farm, helped to build the house at Leo, helped in the hardware store, and in the cabinet business when she could. After she was left alone, she felt she needed some income, so went to work at the Coffee Shop at the St. Joe Hospital. She was there for several years. After feeling her time was done there, she did housework for folks. She did that until she was quite old and probably over 80. However, she had to slow down on that as it got very hard for her to do her usual immaculate job and it was tiring her out so much. But she is still doing her yard work and some gardening and taking care of her flowers and her home at the age of 90, but not to the degree she used to.

Her health problems include some inner ear dizzines, a little high blood pressure, a little arthritis, the loss of vision in one eye because of an eye stroke. She has enjoyed very good health for the most of her life. A few years ago they diagnosed her with a heart defect and thought she should have a pacemaker put in, so it was done. There has been problems with it since that time. She was very tired for a couple of years and seemed much worse than she had before. At this time, it may not be even in operation as there was some problem with the wire right to begin with and so she has adjusted to whatever it is and doesn't feel that it is working at all, but seems better than she was the first couple years after it was done.

Mom has no hobbies except for her flowers and gardening. She never learned to enjoy any type of hobby like crocheting or knitting or anything. Did do some sewing, but was not one of the things she really liked to do. She is a good Christian lady and enjoys the Christian programs on TV and the radio. When they were still married, they were going to the Northside Missionary Church. They had gone to the larger First Missionary Church for a while after they first moved back to Fort Wayne. We had also gone to the Missionary Church at Grabill some and to Robinson Chapel Methodist Church when we first moved out to the Leo Farm.

Mom graduated from the 8th grade in 1922. It was a combined graduation of all Allen County Common Schools. Included in her class from the Monroeville area were: her brother, Ralph Klinker, and future husband, Guy Brown.

After starting high school, she didn't like it and not sure what grade she completed, but quit as she would rather work in the fields. Grandpa Klinker gave her that choice, either school or work in the fields, and that was what she chose. So she never graduated from high school.

Age at death (Facts Page):	1997 87 years
Burial:	September 14, 1997 IOOF Cemetery at Convoy, Ohio
Funeral Home:	1997 Marquart and Jacobs, Monroeville, IN

Medical**Notes**

Ernest had polio when he was young and they though they were going to lose him. But he lived and had a bad limp. Apparently one leg was shorter than the other and his limp was noticeable. He was the only one of the children to get the disease. I think as mom told the story, that my grandmother had gone to care for a neighbor who was sick and later found out that it was polio and she had taken Ernest with her. So she always felt guilty and thought it was her fault for exposing him to the disease.

.....

This is what Sadie had to say about Ernest and his illness....."Ernest had had polio or infantile paralysis earlier so he wasn't very well and he required lots of car yet. Ernest had been very ill, so bad, in fact, he wasn't expected to live. It left him with a bad arm and one leg that wasn't right.

.....

Funeral announcement says that the services were held at 2 p.m. Sunday, September 14, 1997 at the Marquart and Jacobs Funeral Home, Monroeville, IN. Officiating clergy: Rev. Dennis Croy and then he was taken to Convoy, Ohio, for burial.

Medical**Notes**

Helen and I.B. married later on in life and they have no children. Helen spent most of her life in owning and operating the Magic Mirror Beauty Shop. I first remember it when it was up above the Meyers Drug Store at the corner of Calhoun and Main Streets in uptown Fort Wayne, Indiana. Later she bought a home on Columbia Avenue a few blocks East of uptown, just across the bridge, and she ran her beauty shop from that home. A lovely big house and that worked out well as she could live there and work there too. Helen gave me my first permanent wave. And many thereafter tho I didn't always go to her.

Helen was the aunt that was closest to me as she had spent some time living with us when I was little and helped to take care of me. Or was it just when Lois was born? I am not sure now. Will have to ask my mom about that again. So I always felt closer to her than any other aunt I had. She was also single for a long time so had more time to devote to us "nieces".

She was the one who helped to entertain us when Louise and I spent the week at Grandma's while mom and dad and Irene and Maxine went to the Chicago World's Fair in 1934. She would be the referee when we would run races across the yard. "One for the money, two for the show, three to get ready, and four to go" would be what she would call out to us and Louise and I would run for all we were worth. We spent a week there at that time.

Notes

Harry and Esther lived much of their lives in the little town of Edgerton which was right on the state line between Indiana and Ohio. It is on a jog in the road. We didn't go there too often, but I believe that Harry did auto mechanic work and had a garage in Edgerton.

Apparently they must have also lived for a time (when some of the children were born) at Maples. Maples is somewhere between Fort Wayne and Monroeville. I guess Grandpa Klinker had a farm there and I know that Raymond lived there with his family for a time too. We used to visit when Raymond lived there.

When Harry died August 9, 1951, his services for the funeral were held at the Wesleyan Methodist Church in Edgerton, Indiana at 2 p.m. with Rev. Gerome Dilts and Rev. Glenn M. Bennett officiating.

Just a note about Maryetta. She was just 2 years older than I was but was sweet enough to invite me to North Side High School when she was a senior. At that time she introduced me to all the North Side Redskins (handsome basketball players, of course) and all her friends. It was quite a memorial day for this little Leo Lion. Then during the Sectionals I got to go over and sit in their rooting section for one of their games. The Sectionals were always held at the North Side Gym in those days and we always felt fortunate to be able to get a ticket to get in, going sometimes early in the morning to stand in line. Then they would have 3 sessions a day, morning, afternoon, and evening and get it all over in the one weekend. Betty Henderson and I managed to get in for most all sessions for the three high school years I went to Leo.

Maryetta is a very lovely lady and was a very lovely and popular gal when she was in high school. She has those dark Longardner eyes that just snapped! I also remember going to visit at their house on Main Street, not far from Lindenwood Cemetery. Basically I would say it was right across the street. You had to go through an underpass and turn left. I believe those houses are still there today, but I cannot tell you now which one was the one that they lived in. They all look pretty much alike. A white two-story with a side porch.

The girls had their bedroom upstairs and they had not yet learned to be neat with their things. We were lucky to be able to find the bed!! They either had a lot of clothes, or could not decide which to wear and so they did not find their way to the closet. I am sure now that both Doris and Maryetta are neat as a pin. But not in those teenage days!

Not sure but believe that this Barbara is the one who is employed now for the Garrett State Bank at Dupont and Coldwater. She is perhaps the manager. Used to work for Fort Wayne National before it became National City. They were living in Windrift just south of Union Chapel Road a ways.

Photo I have says that Barb Moeller is the Vice President at the Dupont Branch of the Garrett State Bank.

Just a note about Maryetta. She was just 2 years older than I was but was sweet enough to invite me to North Side High School when she was a senior. At that time she introduced me to all the North Side Redskins (handsome basketball players, of course) and all her friends. It was quite a memorial day for this little Leo Lion. Then during the Sectionals I got to go over and sit in their rooting section for one of their games. The Sectionals were always held at the North Side Gym in those days and we always felt fortunate to be able to get a ticket to get in, going sometimes early in the morning to stand in line. Then they would have 3 sessions a day, morning, afternoon, and evening and get it all over in the one weekend. Betty Henderson and I managed to get in for most all sessions for the three high school years I went to Leo.

Maryetta is a very lovely lady and was a very lovely and popular gal when she was in high school. She has those dark Longardner eyes that just snapped! I also remember going to visit at their house on Main Street, not far from Lindenwood Cemetery. Basically I would say it was right across the street. You had to go through an underpass and turn left. I believe those houses are still there today, but I cannot tell you now which one was the one that they lived in. They all look pretty much alike. A white two-story with a side porch.

The girls had their bedroom upstairs and they had not yet learned to be neat with their things. We were lucky to be able to find the bed!! They either had a lot of clothes, or could not decide which to wear and so they did not find their way to the closet. I am sure now that both Doris and Maryetta are neat as a pin. But not in those teen-age days!

Orpha was one of my cousins that I ran around with more than some of the others. The three of us, Orpha, Louise, and myself, were all about the same age and so spent quite a bit of time together, especially at family get-togethers etc.

Orpha married Johnny Erickson, who had gone to Leo for several years and was in my class at school. I don't remember when he started going to Arcola, but apparently he did, and met Orpha there. He was brought back here and buried in the Eel River Cemetery I believe. I remember going to the funeral.

ORPHA KLINKER becomes the bride of J. K. ERICKSON.....Mr. and Mrs. Raymond W. Klinker of 3716 South Anthony Boulevard announce the marriage of their daughter, Orpha Grace to John K. Erickson, son of Mrs. and Mrs. Charles K. Erickson of R.R. 3, Fort Wayne.

The wedding took place Friday night, February 3, in the Wayne Street Methodist Church with the Rev. Edwin Garrison Officiating.

The bride chose a navy blue gabardine suit with navy accessories. Her only attendant was Mrs. Merrill Hackett. She wore a red gabardine suit with black accessories and a corsage of white carnations.

The couple is residing at 1001 Home Avenue. The bride is employed by the Lincoln National Life Insurance Company and Mr. Erickson is employed by the Pennsylvania Railroad Company.

Medical**Notes**

Norma lived in Payne, Ohio, and worked in New Haven, Indiana. She passed away shortly before her mother did. Apparently it may have been a heart attack. She called her daughter, Dawn, to say that she was in trouble and before anyone could get there she was dead.

Obituary.....NORMA J. HITE, 62, died Sunday at Parkview Hospital, Fort Wayne. Formerly of Payne, she lived in Angola, Indiana, and worked at Lake End Sales, Fort Wayne. Her husband, Claude, died in 1979. Surviving are two daughters, Debra Wetzel of Fort Wayne and Dawn Armstrong of Defiance; her mother, Pearl Ohler of Payne; two brothers, Chalmer Ohler of Jacksonville, Florida, and Harold Ohler of Fort Wayne; a sister, Ilene Gillen of Phoenix, and four grandchildren. Services at 1 p.m. (noon Fort Wayne time) Thursday at Slade Funeral Home, with calling after 4 p.m. Wednesday. Buried in Lehman Cemetery. Memorials to Paulding Area Visiting Nurses Association.

A story about Ralph, and his sister Mary.....my mom....."One incident that was related to me one day was about mom's brother Ralph. They were arguing as siblings will do, and Ralph dared my mom to put her foot up on the chopping block and he would cut off her toes. (No doubt Ralph was out there chopping kindling for the wood stoves) Like a real "dummy" she did it and he swung the axe or hatchet, but she got her foot down in time. Doubt she ever tried that again. Apparently she didn't think he would do it."

.....

Ralph was a big man and when Grandma and Grandpa Klinker moved into Monroeville to spend the rest of their lives there, Ralph took over the farm. We, Guy and Mary, and Lois and I, would spend many a Sunday at their house. Cousin Louise was my age, and Dad and Mom and Ralph all grew up together on that very farm. Often we went for dinner, but not always. At that time they had a house full of babies. Ralph's first wife, Mary Anderson, had died and Ralph married Lena. Louise was the only child of Ralph and Mary. Ralph was a hard worker, and had a really hearty laugh that he used often. After the advent of soda pop, it seemed they had stacks and stacks of it. Would drink that when they went to the fields instead of just water or lemonade. After he grew a little older and much more prosperous he would buy new cars and then every 2 years would trade them in for another new model so he always had the latest in the way of cars.

Finally after Grandma Klinker died in 1969 in the Monroeville house, he bought that or it was a part of his inheritance and he and Lena moved from the farm to town for the rest of their lives. They had a son who lived in the house right across the street from Grandma's.

.....

From funeral announcement: Services were held at the East Liberty United Methodist Church, south of Monroeville. Officiating was the Rev. Rick Borgman. Services were held at 11:00 a.m. on Monday, December 11, 1995.

Louise was probably my closest cousin. When her mother died and we were both about 4 years old (I think) my mom and dad and I came out to their house out by Monroeville to stay and help Ralph out for a while. We spent most of the summer there and I have some real memories of that place. Like plucking the geese, making mud pies, cakes and cookies and putting them to bake in the sun on boards, the cistern that mom would have to dip the water out of to do the washing, the storm that sent a huge tree crashing through the dining room window, the Benders coming to visit and scaring us with scarey stories as we played hide and seek in the dark, my dad having an accident coming home from work where he hit a pole because a bee got up his pant leg.

Another Louise and I did was to spend a week together at Grandma Klinkers while my folks, and Maxine and Irene all went to Chicago to the World's Fair in 1934. We spent the week together and Helen entertained us, having us run races in the yard. She would say "One for the money, Two for the show, Three to get ready, and Four to Go" and we would take off. Don't remember who won, but Louise was always a little bigger than I was so may have had an advantage there.

We often spent time sliding down the straw stacks at the farm too, and playing the organ in the living room. So Louise and I had a lot of fun. As we grew older we talked about boys, of course, and basketball teams as we were in the same county and the teams all played one another in those days. We spent quite a few Sundays together as we often went to Uncle Ralph's for Sunday dinner and to stay the day. After Grandma and Grandpa Klinker moved to Monroeville, Ralph's family moved on to the farm and so our visits continued for a long time at the old Klinker farm.

KAISER-KLINKER Nuptials Read in Private Rites.....Miss Louise M. Klinker, daughter of Mr. and Mrs. Ralph W. Klinker of Monroeville recently became the bride of August B. Kaiser, son of Mr. and Mrs. Godfred Kaiser of Monroeville.

The Rev. Kenneth Hostetler read the double-ring ceremony in the parsonage of the United Brethren Church in Monroeville. The bride, given in marriage by her father, chose a navy blue suit with white and blue accessories. She wore a corsage of redwhoops.....part of this is missing.

The wedding announcement in the paper added that the wedding was to take place March 18. It also said that Miss Klinker was a graduate of Monroeville High School and is employed by the General Electric Company. Mr. Kaiser attended Hoagland High School and is now engaged in farming.

.....
1999: Part time with Lincoln Life and works at the Monroeville Elementary School at times. She is still living in Monroeville. Built a new home after August died and lives on the West side of Monroeville.

Not sure of all the relationships her, but Lucille married Bernard Rorick, had one daughter, and then they were divorced. She then married Larry Elliott and he adopted this daughter, Debra, so not sure if her name was changed to Elliott or not.

Then there is a son, Brent Brown, born May 28, 1959, who married Stacie O. Milledge, born February 11, 1970. That marriage took place October 26, 1991 and they had one daughter:
Andrea Brown, born December 20, 1979 (that date must be an error) perhaps it is 1997.
Andrea appears to have one son, Dyllan Scott, born March 12, 1998

I remember an interesting thing about the marriage of Betty and Stan, or at least I think I have it correct. Warren was having a softball tourney over at Harlan and while we were over there Betty and Stan were having their wedding reception. So I am not sure where the wedding took place but the reception was at the park in Harlan, in the pavillion.

Also Betty has been a teacher at Huntertown Elementary School for quite some years. Have some newspaper articles about that. Will fill in here when I find them.....

"Betty was a kindergarten teacher at Huntertown for 10 years and taught the 1st grade for 1 year. She is also a reading readiness teacher."

"It was a love for children that led Gorrell to study elementary education at age 28. 'I was a mama first and I loved being with my kids, with neighbors's kids and with anyone who came in.' She fingerpainted with them. She tried recipes with them. She also worked with a preschool program for 3 years before establishing a program at

Holy Trinity Lutheran Church in Harlan in 1970.

She spent 7 years working on her bachelor's degree at Indiana-Purdue, Fort Wayne. She also received her master's degree there. Reading has always been important to Gorrell, who grew up on a farm near Monroeville. 'When my mom would take off and go to town, she would bring back a treat, and mine would always be a book.'"

At home she reads cancer research and s tories of people with cancer (her husband Stan, died of Leukemia five years ago. She also reads books on religion and education. She has gone to conferences in Alaska and Australia. She is hoping to go to Stockholm this year."

Not sure of all the relationships her, but Lucille married Bernard Rorick, had one daughter, and then they were divorced. She then married Larry Elliott and he adopted this daughter, Debra, so not sure if her name was changed to Elliott or not.

Then there is a son, Brent Brown, born May 28, 1959, who married Stacie O. Milledge, born February 11, 1970. That marriage took place October 26, 1991 and they had one daughter: Andrea Brown, born December 20, 1979 (that date must be an error) perhaps it is 1997. Andrea appears to have one son, Dyllan Scott, born March 12, 1998

Medical**Notes**

I remember an interesting thing about the marriage of Betty and Stan, or at least I think I have it correct. Warren was having a softball tourney over at Harlan and while we were over there Betty and Stan were having their wedding reception. So I am not sure where the wedding took place but the reception was at the park in Harlan, in the pavillion.

Also Betty has been a teacher at Huntertown Elementary School for quite some years. Have some newspaper articles about that. Will fill in here when I find them.....

"Betty was a kindergarten teacher at Huntertown for 10 years and taught the 1st grade for 1 year. She is also a reading readiness teacher."

"It was a love for children that led Gorrell to study elementary education at age 28. 'I was a mama first and I loved being with my kids, with neighbors's kids and with anyone who came in.' She fingerpainted with them. She tried recipes with them. She also worked with a preschool program for 3 years before establishing a program at Holy Trinity Lutheran Church in Harlan in 1970.

She spent 7 years working on her bachelor's degree at Indiana-Purdue, Fort Wayne. She also received her master's degree there. Reading has always been important to Gorrell, who grew up on a farm near Monroeville. 'When my mom would take off and go to town, she would bring back a treat, and mine would always be a book.'"

At home she reads cancer research and stories of people with cancer (her husband Stan, died of Leukemia five years ago. She also reads books on religion and education. She has gone to conferences in Alaska and Australia. She is hoping to go to Stockholm this year."

Notes

Just a few quick notes about my dad. His birthday is stated as March 31, 1908, but he is not sure of the exact day. His own mother died when he was just 4 years old. She was Lydia Shaffer and had some problem that may have involved a tumor in her head. She had terrible headaches. So dad does not remember his mother. He grew up on what was the old Ridenour farm just across the road from the Klinker farm and at the back of their place was the original Henry A. Brown farm where you will find the Brown Cemetery with some of our ancestors buried there. Do not know the circumstances about if his dad owned the farm or if it still belonged to the Ridenours and they just rented it. There was a house full of children as his dad and Orah had 10 more children to add to dad, Ivan, and Ferol who were the children of the first marriage.

After dad graduated from Monroeville High School he left home and went out West where he worked in the harvest fields for a while. Then he also sold AAA Insurance in the Chicago area for a while. He finally asked mom to marry him and said "Now or Never", and so they were married in August of 1929. They bought a little house on Dodge Avenue. This was during the depression, and dad always had some type of work. He sold Watkins, and did other odd jobs, but was lucky to get into a factory and stayed there for several years. So they never were without food or a job of some sort throughout the depression years. About 1932 they found a house on Pontiac Street and because the payments were about half of what they were paying on the Dodge Avenue property, they just let it go and moved to Pontiac. That was their home until 1939 when we moved to Leo. Lois was born on Pontiac Street in the front bedroom. Even after we moved to the farm at Leo dad still worked at the factory. He was working at Wayne Pump and when the war came on, he did a lot of overtime. He was just over the age of being drafted at the time and was in a necessary job for the war effort and so he did not have to go. While the War was still going on, they began to build a home on the 14 acres at the back of the farm. Dad had 120 acres altogether, and this was in the wooded part at the back. There was an open field along the road and that is where they put their new home. They had someone do the basement, and put up the frame and then mom and dad did all the rest of the finishing. Not sure how they managed to build during a time of shortages, but perhaps those items were not in short supply. Anyway they built during that time and we had moved in by 1942 I think. Later on when they moved to Garrett, dad just did the farming and did not work in a factory, but was also beginning to do some carpenter work and cabinets, etc. He remodeled the kitchen of the Garrett farmhouse and put in new cabinets. After they left the farm and moved into Fort Wayne, he did custom cabinet work, for a while ran a hardware store on St. Joe Center Road. They lived on St. Mary's Avenue until they were divorced in 1970. That is another story that I will not tell here, but was a sad time in all our lives. They had been married 40 years.

Dad was relatively healthy, but did have some high blood pressure problems when he was in his 50s but guess it was under control most of the time. He also had a little back problem, and was hospitalized for it once. Other than a slight sugar problem, that he can control with diet, that was about all his health problems. He must have had arthritis later on in life but was still putting on roofs when he was near 80 years old. At this time he is over 90 and is losing his vision and has to walk with a walker, but still has had his garden and yard work that he tries to do.

Notes

Mary Klinker was born in Southern Indiana in Washington County. Lived there with many relatives close by as that was where the Klinkers, Simpsons, Millers, and Voyles were from. They moved from there to a farm near Payne, Ohio. Then on to the farm at Monroeville about 1919. Mom lived there until she was married, or nearly. She did do some work in Fort Wayne and lived at different places at that time. She worked for a family by the name of Curdes. She also worked at the Dudlo factory for a while. At the Dudlo she examined radio coils. One of the things she did early was when someone in the family had babies, she was sent to take care of them for several weeks. My Aunt Pearl was one that she went to work for. This may have been "free" work. Mom was a very good worker and always kept a good clean house, did a lot of gardening. She also helped dad out on the farm, helped to build the house at Leo, helped in the hardware store, and in the cabinet business when she could. After she was left alone, she felt she needed some income, so went to work at the Coffee Shop at the St. Joe Hospital. She was there for several years. After feeling her time was done there, she did housework for folks. She did that until she was quite old and probably over 80. However, she had to slow down on that as it got very hard for her to do her usual immaculate job and it was tiring her out so much. But she is still doing her yard work and some gardening and taking care of her flowers and her home at the age of 90, but not to the degree she used to.

Her health problems include some inner ear dizziness, a little high blood pressure, a little arthritis, the loss of vision in one eye because of an eye stroke. She has enjoyed very good health for the most of her life. A few years ago they diagnosed her with a heart defect and thought she should have a pacemaker put in, so it was done. There has been problems with it since that time. She was very tired for a couple of years and seemed much worse than she had before. At this time, it may not be even in operation as there was some problem with the wire right to begin with and so she has adjusted to whatever it is and doesn't feel that it is working at all, but seems better than she was the first couple years after it was done.

Mom has no hobbies except for her flowers and gardening. She never learned to enjoy any type of hobby like crocheting or knitting or anything. Did do some sewing, but was not one of the things she really liked to do. She is a good Christian lady and enjoys the Christian programs on TV and the radio. When they were still married, they were going to the Northside Missionary Church. They had gone to the larger First Missionary Church for a while after they first moved back to Fort Wayne. We had also gone to the Missionary Church at Grabill some and

while after they first moved back to Fort Wayne. We had also gone to the Missionary Church at Grabill some and to Robinson Chapel Methodist Church when we first moved out to the Leo Farm.

Mom graduated from the 8th grade in 1922. It was a combined graduation of all Allen County Common Schools. Included in her class from the Monroeville area were: her brother, Ralph Klinker, and future husband, Guy Brown.

After starting high school, she didn't like it and not sure what grade she completed, but quit as she would rather work in the fields. Grandpa Klinker gave her that choice, either school or work in the fields, and that was what she chose. So she never graduated from high school.

Different places that Betty lived: I was born on Dodge Ave. in Fort Wayne, Indiana. About 1932 my folks moved to 2320 Pontiac Street and we lived there until 1939 when the folks bought a farm out near Cedarville in the Leo School District. We lived there until 1942 when we moved into the new house they built on the back 14 acres near the woods. We were there until 1946 when dad wanted again to farm and so they bought a farm south of Garrett, near the Fitch home. I lived there until 1950 when we were married. Our first home was on the Fitch Road and belonged to Grandmother Fitch and we paid \$20 a month to rent it. Dad gave us an acre on Highway 27 and we built a small home there and lived in only a few months until we moved to Avilla so Warren could start a TV business. A year later we bought the Hostetter Diner and made our business and home there until 1963. Then off to LaOtto for a couple of years while building our new home on the Auburn Road. Then in 1974 we started a new home at the back and moved into that in 1978. At this writing we are still there.

After graduation from Garrett High School, I got employment with Brotherhood Mutual Life Insurance Company. I worked for Arlo Gump as his secretary. Then about the time we knew Cathy was coming I quit work to become a full-time mom and housewife. Always that was my dream, just to be a good wife and mother and homemaker. Hope I succeeded to some degree, although I had very few years where I was just that. Cathy was born while we were building our first little home on 327 and then Carol, John, and Larry were born while we were living in Avilla. There I also became the "secretary and bookkeeper" for Fitch Electric and talked to the customers when they came in if Warren was gone as he usually was. Also answered the telephone. My most pleasant two years of being a homemaker was while we lived at LaOtto. I had no outside "job" and had learned to drive, and we had some beautiful summers and falls there, and a garden, and looked for antiques in the 3 barns, and the kids had a good time. Warren was at Magnavox at the time. Then when we started our home on Auburn Road I became the delivery girl and we (the kids and I) hauled most of our house in a station wagon while Warren was at work. Then he worked on the house evenings and weekends. Much painting and sawing and hammering to do and I helped as much as I could.

Finally to help out with the expenses, I went to work at the Singer Company in Glenbrook Mall. This was about the 5th store to open in the mall and so we were proud to be opening a great new place to shop. It is still the largest shopping center in Fort Wayne. I sold sewing machines and fabric and all sorts of sewing items and loved it. Worked there full time and then later on, part time and even after JoAnn Fabrics took it over in their store I worked on and we added crafts to the line. It was a lot of fun, made a lot of friends, and a lot of customers too.

worked on and we added crafts to the line. It was a lot of fun, made a lot of friends, and a lot of customers too. Did not work from about 1975 to 1980 while we built our 2nd home on Auburn Road, except to work on the house. Much painting, staining, wallpapering. Finally retired completely in 1994 and have wondered how I ever had time to work since that time. Am busier than ever. Enjoy all kinds of sports that the grandkids play. My best sport for myself was bowling. Also when we were young and dating we did quite a bit of roller skating.

Warren and I became Christians in 1974 when we were in our 40's. It changed our life completely. Since that time we have tried to serve the Lord in all that we do, sometimes failing dreadfully, i suppose. So since that time we have done a lot of things with our church family, from suppers to auctions, craft shows and all sorts of seasonal programs. Worked in the nursery, taught, on mission boards and regular church boards. For many years we were there "every time the door was open". It has been a joy, and we have had a lot of fun, as well as a few heartaches, but God has been faithful.

Notes

My little sister, was born on Pontiac Street, 6 years younger than I am. She was born in 1936 so by the time we moved out to the farm at Leo she was in her terrible twos or threes. I thought it was terrible anyway as she literally destroyed my paper dolls! When it was time for her to go to school we were still at Leo and she went to grade school there. Then when we moved to the Garrett farm the school she went to was St. John's and that was a little country school. Just a one-room brick school on a country corner. She went there until they moved into Fort Wayne and then she went to North Side High School. She and Dave Walker were married early in her life. He was still going to High School also and then wanted to go on to Bob Jones. There may have been other places that he also went to school, but remember they went to Tennessee to go to Bob Jones when Susan was quite small. I think mom may have kept her for a while. They had the three children, Susan, Barry, and Chris and then were divorced around 1964. In an unusual situation, they literally exchanged mates and Dave married Dick's wife and Lois married Dick. Lois and Dick kept his three children too and so they raised 6 children, 1 girl and the rest boys.

Lois has been not only occupied with raising the children, but she began to drive school bus for the Lutheran Schools in Fort Wayne. After a few years she became their school bus co-ordinator and that was the job of keeping all the buses going and on time. And if some bus driver was not able to run his route often Lois would have to do that too. She still gets enjoyment out of driving for special events like field trips, etc. and thinks nothing of driving to Florida at the drop of a hat. Now she has given up her co-ordinator job and just drives bus again. But she also is working in the office of Dick's business and selling Amway when she can fit it in. A busy lady.

Dick worked for Harvester. for many years and when he retired he started his own business. They love to travel when they can and have made trips to many places.

Dick's three children that they raised were:

Mike Mueller
Mark Mueller
Scott Mueller

All six children were very close in age.

Susan Walker married and had Amanda. Eventually they divorced and just before they did they had adopted a set of twin boys which are being raised by Susan now. Susan is living in Florida.

Barry married and does have children, but at this time I do not know their names or how many he has. They also are living in Florida where his wife came from. With his in-laws they are deeply involved in selling Avon products, although Barry has another job.

Chris, married Joan and they have a daughter, Crystal and are still living in the Fort Wayne area, but have purchased a home in Florida and will be moving there when they can sell their home here.

Different places Warren has lived. He was born in Fort Wayne, Indiana, and lived first in a little house on the California Road. About 1932 they moved out to the farm about 6 miles south of Garrett, Indiana and lived in the garage while building the house. That was his home until we were married in 1950. Then we moved into a house on the Fitch Road that belonged to his Grandmother Fitch. We paid \$20 a month to live there. No indoor water or plumbing. We had a hand pump and a "path". From there we moved into a little house we built on an acre of land dad gave us on Highway 27 in DeKalb County. When Warren wanted to start a TV business we moved into an old building in Avilla and from there a year later bought Riley Hostetter's Diner and made that our home until 1963 when we sold it and moved to a farm house just outside LaOtto. Lived there a couple years and in 1965 built our home on the Auburn Road. We built again in 1974 to 1978 a house at the back of the property and moved in in 1978.

In Avilla Warren managed the business we called FITCH ELECTRIC. He was in busines about 10 years there and made a lot of good friends and customers. Even after we left, there were those that wanted him to continue to repair their TVs. Most of our story is told on separate pages and too long to tell here.

He went on to get a job at Magnavox and soon became the manager of the Customer Service Department where he stayed until they gave us the choice of going to Knoxville, Tennessee, or he could retire early. He felt like the Lord was telling us to give it up and lean on Him. So we did. At the time we had 2 daughters who were expecting (Lisa and Jason) so we stayed in Indiana. Warren did several things in the following years, like work for Pembleton Electronics, and Wayne Electric, and help out George and others with their selling and repairing of appliances, etc. He is able to repair most anything he sets his mind to.

One hobby or sport that was his specialty was softball. He began pitching while still in high school and played for Spencerville. From there he went on to play and pitch for about 26 years. It was thing we did for recreation for all the years while the kids were small. Two or three times a week we would be at the ball diamond.....all over.....from the Beach in Fort Wayne, to Butler, Garrett, Avilla, Wawaka, Rome City, Columbia City, Harlan, and even up to Midland, Michigan. He played for many teams, did very well, and also was a player-manager for some years. We made a lot of friends while playing ball. I think the kids and I enjoyed it nearly as much as he did. He pitched some no-hitters, beat the Zollner Pistons, and was on many winning teams like his own Avilla Merchants and the Butler team, Lenachers of Grabill, and many others. He finally gave up the game when we decided to build our new home and that meant that there would be no time for ball games in the evenings. And he never really went back except to play some slow pitch with our church team. He was more manager then than player, but often was needed to fill out the number on the team.

Personality-wise he is a friendly, laid-back type of guy and loves people, a good husband and father.

Cathy was born at St. Joe Hospital in Fort Wayne, Indiana. The doctor was Dr. Geraldine Baumgartner. We were living in Belle Fitch's house on the Fitch Road and that was her first home. At the time she was born we were finishing up the new little house that we had started the summer before on Highway 27 on an acre that dad gave us. So that was her second home and we were not there long.

Cathy was an early bloomer you would say and she walked at 7 1/2 months. Very early. She began toddling around in the little house we built. Our next move was to an old, cold building in Avilla where Warren started his Fitch Electric Business. We were there just a year. Cathy's first friend was a little girl across the street and in the evenings when the daddies were working, us moms would take Cathy and Sue out for stroller rides down the street. Her name was Sue Prickett.

A year later we moved Cathy and all of us into what had been Riley Hostetter's Diner and we lived there and had the business there until 1963. Cathy started her education with kindergarten in Avilla and went several grades there before we left. Then after we sold the business and home we looked high and low for a place to go. We sold and had only a few weeks to find another home. We finally ended up at LaOtto in a "wonderful" old farm house with barns and sheds and lilac bushes and all. Then it was time for Cathy to go to LaOtto to school. By that time there were 4 children to traipse down the lane and into town to school. We were just on the outskirts of LaOtto. Cathy always did well at any school she attended. The kids had a lot of fun playing at that home where we had this big round barn and they had friends over and played there. We also at one time had a pony named Zip. We kept him until he started running away and then we had to sell him. He must have been an old circus pony of some sort as he was trained to go around the circle. Cathy and Carol were in 4-H both at Avilla and at LaOtto and still when we moved to the Auburn Road.

That was our next move when we bought 10 acres on Old Auburn Road, Ft. Wayne address and built our house in the summer of 1965. It was far from done and it actually took 8 more years before we considered it somewhat complete. The kids helped while we built it and we did build it ourselves everybody helping carry and tote. We literally carried the materials for the house in our white station wagon from the lumber companies to the building site. Cathy may remember the night of the storm that took part of the roof and the south side of the house down. The storm had been very bad that night and so we discovered the next morning the damage that had been done. We had several bad storms while we were at LaOtto. The Palm Sunday tornados occured while we lived there, and the first really big blizzard of our lives happened just at Christmas time while living there in 1964. We were really snowed in, but then since they were building the new school in the field just beside us, they happened to have large equipment there and someone came from there and plowed us out in no time.

We moved to Auburn Road on December 24th, 1965 and that was Cathy's home until she was married in 1971. Cathy went to IU/Purdue or the Indiana University Extension to take Interior Design. She also worked at J.C.

Cathy went to IU/Purdue or the Indiana University Extension to take Interior Design. She also worked at J.C. Penny at Southtown in the Carpet and Furniture Department. Those were the days when it was somewhat safe to drive right through town even at night. She also worked at Walgreen's at Glenbrook before that time. Glenbrook had just opened not too long before, in 1967, and mom was working at The Singer Company right across the hall.

Cathy and Rick went to Carroll High School together and Rick and his family were big in the horse scene. Cathy learned to love the horses and to ride. They were married in a church on Main Street in Fort Wayne in September of 1971. Then went to live in a house trailer on the Wies place on the Hand Road near Huntertown. Finally they bought a home and large barn on Union Chapel Road not too far from us and lived there until they moved to Montana. While in the home on Union Chapel, they had the two boys, Kyle and Jason. Cathy continued to work, and hired some help with the babies. Rick was finally given the opportunity to run a ranch in Montana and decided to take the opportunity. It was hard for us to imagine them going away to a cold, bleak land where there were still bears and Indians running around. We envisioned them in dangerous territory. Like the fact that their only grocery store was 12 miles away and the town with any size stores at all was 35 miles away. We envisioned blizzards and all. Well, it was more civilized than we thought and not even as cold as we thought it might be. That has to be Cathy's story, but we worried about them. After going out there and seeing for ourselves it was easier. It is a lovely place and they had a new home and barn and mountains and Flat Head Lake right there.

Carol was our little "Christmas Carol" and we called her that because she came on December 22, 1953. She spent her first Christmas at the Brown home in Fort Wayne, and then we took her home the next day or so to Avilla. At the time she was born, we were in Riley Hostetter's Diner and Warren was in business for himself. That was to be her home until 1963. She began her schooling at Avilla and one of her friends was Cinda Lou Rinkenberger. The girls often played back and forth between the homes as she was just down the street a ways. She had an older sister too that was more Cathy's age and so they usually all played together. Carol began her 4-H while in Avilla.

In 1963 we made the move to LaOtto and lived there for two years. Most of us had a very good time there at LaOtto, but Carol's experience was not quite so good. She had a couple bullies that caused her some trouble. Sister Cathy was to be her protector.

One of her experiences happened after they started building the new elementary school in the field just next door to us. They had bulldozed up the area and it was quite muddy. Carol decided to go to play with a neighbor girl who lived across the field. She probably went there by the road, but when it was time to come home, decided to take the short cut and cross the field. Well, she got a little ways out into the field and one leg went one way and the other, went the other way and she was stuck in the mud. It was a good thing that our neighbor looked out her window and saw her and she called her husband, the fireman, to the rescue. The mud had just sucked her up and she was surely stuck. No, Carol's experiences at LaOtto were not the best.

Then we moved to the Auburn Road home on a wet and rainy day before Christmas. In the evening that day we went to my sister, Lois's, for our usual Christmas eve get-to-gether. It was a miserable couple of days. All of us were sleeping in the basement. Finally we got the rooms upstairs done enough so the kids could sleep up there.

were sleeping in the basement. Finally we got the rooms upstairs done enough so the kids could sleep up there. The girls lived in undone rooms nearly all their teenage lives. I saved enough money from my job to buy them each a couple pieces of furniture from time to time. Carol's was white with gold trim. We finally put a divider in their room so they could each have a separate place of their own. Carol began going to church while we were there and went to Robinson Chapel. One summer day she was baptized in Gloyd's Pond back at their new home that they had built back in the woods.

She met Tim Lockwood, her future husband, through a good friend at church. They were married in 1973. He was a Northsider from Fort Wayne, and we weren't too sure about him as he seemed older and more experienced than our little Carol. But we found out he was a pretty nice fellow!!

Carol had also worked at Walgreens starting while she was in high school yet, and then she got a job at J.C. Penny in the office. She also worked as a secretary for an insurance salesman. They lived first in a trailer that they put on their 3 acres out by Churubusco. Daniel was born while they lived in that trailer and then the men of the family helped them to get an A-frame home started on their land. And they still work on it from time to time. They have a pond and it is a nice home. Carol started a dress business in Churubusco while the boys were still little and called it "Antique Attic", as I remember it. Started upstairs in the old V-shaped building and then finally moved it downstaris. She would put the boys in a play pen while at work. She sold all kinds of clothes and some consignment crafts and a few antiques on consignment. Well, she will have to finish her story. They boys, Daniel and Jared, and their sister Lisa, all grew up. She home-schooled them for a while and then they started going to Churubusco.

Notes

After two little girls, we finally did get John. We had his name ready for the first two and just had to set it aside. I am glad now that the two girls were born first as they made better companions for each other that way. John was born in March of 1955 at Garrett Hospital. Dr. Mattmiller was our doctor at the time. In fact, because of the swiftness of the other two births, he came to our home and took me to the hospital with him, while Warren waited on Donna to come to watch over the girls. So he drove me there, ran me up the stairs, and that was about it. John was born very shortly with no pain whatsoever. So Warren had his boy. All men want a son I guess, although the girls were well loved.

John was named after Warren's grandfather, John Fitch. He started his education at Avilla and since the school was so close by, it was easy for them to just walk to school. John had a little Parks boy for a friend while there. At Avilla the boys started playing baseball and continued on then when we moved to LaOtto. They were well acquainted with the ball field and ball games as their dad played a lot of softball and the kids spent a lot of their time at the ball parks.

John loved the home at LaOtto. We had two incredible falls there with the weather staying warm until late in the year. The barns were wonderful places for all to play. Had an abundance of cats, as Puff was quite a mother.

year. The barns were wonderful places for all to play. Had an abundance of cats, as Puff was quite a mother. Seems Johnny Bill Pepple often came to play, but even if no one else did John and Larry had good times in those out buildings. They helped mom to find antiques, and garden and had a big grassy yard to play in. The barn was an old round one and one of the few left anywhere in the area. Several years after we left it burned to the ground. They thought some boys were smoking out there. John played some baseball while at LaOtto too. He challenged Cathy in the spelling bee, but in the end she beat him. Always an excellent speller, he would make some little mistake and was destined never to win the spelling bee. However, we will never let him forget that he was "the smartest kid in the 4th grade"!!

Then on to our new home on the Auburn Road. We have a picture of John "helping" up on the roof. But the boys usually did accompany mom to and from the lumber yards and helped to unload the station wagon when we got to the building site. We always said we carried the whole house in that station wagon and we nearly did. Sometimes in those days we had a two hour wait to be loaded and so it was very time consuming. Good thing mom was not working at that time!!

John always did well in school and about the time he was 15 he began working at Northcrest Bowling Alley where mom and dad did a lot of bowling. He was just a porter, but was well-liked by the Carr crew and the Scotts and so I think for the most part, it was a pleasant experience for him. He did a good job and they appreciated that, and as a result taught him some of the basics of bowling and that helped them to have an especially good team on Saturday morning when the boys were in the youth leagues there. He worked there after school until he graduated from high school. So there was baseball, bowling, 4-H for the boys too. But the boys did not go in for 4-H as much as the girls. With so much activity, it was hard to do as well on their projects as they might have liked to. But it taught them many things and guess that is the objective and not to win ribbons and awards. The boys also were in Cub Scouts.

John took a trip to Mexico with the Spanish class while in high school. He also played some basketball in his senior year. He had grown tall and that helped.

While at Carroll he met Amy Cantu who was in his same class and began to date her. They were married in 1975 after he had gone to college a couple of years. John went to Rose Hulman in Terre Haute, Indiana. After their marriage, they lived in an apartment off the campus. His first job after leaving college was in Dayton, with Dayton Power and Light and so they lived in an apartment in the Centerville area and later bought a house there to on White Oak. That is where the first three children were born. Then in a swift move they came to Fort Wayne as John was given a job with Magnavox. John can tell the rest of his story. David was born at Fort Wayne. John went into business for himself.

Larry Michael Fitch was born in 1956 at the Kendalville Hospital. He was a little "imp" and had those sparkling eyes just like Carol and could get into trouble at the drop of a hat. Not that either of them ever appeared to be rebellious, but they both had those eyes that would just snap! Larry started schooling at Avilla and in kindergarten he had "Miss Pat" and she was very nice. In one program that they had at the school Larry played the part of "Mitch Miller" the song leader.

Larry had some friends at Avilla and one of them was the little Davenport boy. They used to run back and forth from one house to another. Larry started baseball at Avilla, and continued when at LaOtto, and on to the Hometown scene. He was a natural athlete and his only problem was that he did not grow until he was out of high school. That made it difficult to compete with those that were already the size of men. Even with that he was a home-run hitter and a very good ball handler, but when he got to high school did not go out for those sports. Could be that it was hard for him, not only because of his small size, but that his parents were incredibly busy at that time and perhaps he felt there was no time to fit in all the practice, etc. That is the only thing I regret about working. The fact that there was not time to get involved with the kids school activities like we should have.

Larry was perhaps young for his age. Being the youngest child, and not growing as soon as some of his classmates, he tended to find playmates that were younger than he was in age. The Olivers next door and the Alexanders, just another house away were all younger than he was and they were his playmates around home.

He loved his models and had model rockets that he would shoot off in the fields. Also spent a lot of time mowing our field and that was so that we could all hit the golf ball around. Warren put in three "holes" so we could play a little golf, and the boys kept the field mowed.

Larry began working as a porter at Northcrest when he was still in high school also and think he worked there for a couple of years while in school as John did. The Carrs and Scotts took a liking to him and he was able to excell in bowling. It later got him the job at Key Lanes where he worked for several years and where he bowled his best. He met Mary while she was working at Village Bowl and he was a mechanic there for a while also. She had the snack bar. For a long time and maybe it is still in effect, Larry had the highest series ever bowled in Fort Wayne.

To this day it is not hard for him to carry a 200 average even bowling just every other week.

They were married in July of 1978. We had just moved into our new home at the back on "hole #3" and they moved into an apartment on Fairfield Avenue. Mary had a little girl, Kelly, at the time. The rest of the story will be their's to tell. They bought a house trailer, lived at Woodside Apart-ments for a while, and finally moved out to the Fitch farm. Timothy was born while they were in the house trailer and Katie after they had moved out to the farm. After leaving Key Lanes Larry went to work for a landscaper and learned that trade.

Medical**Notes**

Cathy was born at St. Joe Hospital in Fort Wayne, Indiana. The doctor was Dr. Geraldine Baumgartner. We were living in Belle Fitch's house on the Fitch Road and that was her first home. At the time she was born we were finishing up the new little house that we had started the summer before on Highway 27 on an acre that dad gave us. So that was her second home and we were not there long.

Cathy was an early bloomer you would say and she walked at 7 1/2 months. Very early. She began toddling around in the little house we built. Our next move was to an old, cold building in Avilla where Warren started his Fitch Electric Business. We were there just a year. Cathy's first friend was a little girl across the street and in the evenings when the daddies were working, us moms would take Cathy and Sue out for stroller rides down the street. Her name was Sue Prickett.

A year later we moved Cathy and all of us into what had been Riley Hostetter's Diner and we lived there and had the business there until 1963. Cathy started her education with kindergarten in Avilla and went several grades there before we left. Then after we sold the business and home we looked high and low for a place to go. We sold and had only a few weeks to find another home. We finally ended up at LaOtto in a "wonderful" old farm house with barns and sheds and lilac bushes and all. Then it was time for Cathy to go to LaOtto to school. By that time there were 4 children to traipse down the lane and into town to school. We were just on the outskirts of LaOtto. Cathy always did well at any school she attended. The kids had a lot of fun playing at that home where we had this big round barn and they had friends over and played there. We also at one time had a pony named Zip. We kept him until he started running away and then we had to sell him. He must have been an old circus pony of some sort as he was trained to go around the circle. Cathy and Carol were in 4-H both at Avilla and at LaOtto and still when we moved to the Auburn Road.

and still when we moved to the Auburn Road.

That was our next move when we bought 10 acres on Old Auburn Road, Ft. Wayne address and built our house in the summer of 1965. It was far from done and it actually took 8 more years before we considered it somewhat complete. The kids helped while we built it and we did build it ourselves everybody helping carry and tote. We literally carried the materials for the house in our white station wagon from the lumber companies to the building site. Cathy may remember the night of the storm that took part of the roof and the south side of the house down. The storm had been very bad that night and so we discovered the next morning the damage that had been done. We had several bad storms while we were at LaOtto. The Palm Sunday tornados occured while we lived there, and the first really big blizzard of our lives happened just at Christmas time while living there in 1964. We were really snowed in, but then since they were building the new school in the field just beside us, they happened to have large equipment there and someone came from there and plowed us out in no time.

We moved to Auburn Road on December 24th, 1965 and that was Cathy's home until she was married in 1971. Cathy went to IU/Purdue or the Indiana University Extension to take Interior Design. She also worked at J.C. Penny at Southtown in the Carpet and Furniture Department. Those were the days when it was somewhat safe to drive right through town even at night. She also worked at Walgreen's at Glenbrook before that time. Glenbrook had just opened not too long before, in 1967, and mom was working at The Singer Company right across the hall.

Cathy and Rick went to Carroll High School together and Rick and his family were big in the horse scene. Cathy learned to love the horses and to ride. They were married in a church on Main Street in Fort Wayne in September of 1971. Then went to live in a house trailer on the Wies place on the Hand Road near Hometown. Finally they bought a home and large barn on Union Chapel Road not too far from us and lived there until they moved to Montana. While in the home on Union Chapel, they had the two boys, Kyle and Jason. Cathy continued to work, and hired some help with the babies. Rick was finally given the opportunity to run a ranch in Montana and decided to take the opportunity. It was hard for us to imagine them going away to a cold, bleak land where there were still bears and Indians running around. We envisioned them in dangerous territory. Like the fact that their only grocery store was 12 miles away and the town with any size stores at all was 35 miles away. We envisioned blizzards and all. Well, it was more civilized than we thought and not even as cold as we thought it might be. That has to be Cathy's story, but we worried about them. After going out there and seeing for ourselves it was easier. It is a lovely place and they had a new home and barn and mountains and Flat Head Lake right there.

Kyle has gone on to run track also and has won many honors in Montana and in the West. At this writing he is going to Montana State in Missoula on a track scholarship. The June he graduated from Polson High School we got to go not only to the graduation, but also to see him run for the first time. We were impressed!

At his birth his hip bones were out of place because of the way he was positioned before he was born. He had to be in leg braces about 6 months and then he seemed to be OK. Judging from his running ability, it must have recovered nicely!! I think perhaps the braces were not on for all that time. That was an estimate of the time they would be on, but believe they were taken off sooner. More like 3 months.

Medical**Notes**

Carol was our little "Christmas Carol" and we called her that because she came on December 22, 1953. She spent her first Christmas at the Brown home in Fort Wayne, and then we took her home the next day or so to Avilla. At the time she was born, we were in Riley Hostetter's Diner and Warren was in business for himself. That was to be her home until 1963. She began her schooling at Avilla and one of her friends was Cinda Lou Rinkenberger. The girls often played back and forth between the homes as she was just down the street a ways. She had an older sister too that was more Cathy's age and so they usually all played together. Carol began her 4-H while in Avilla.

In 1963 we made the move to LaOtto and lived there for two years. Most of us had a very good time there at LaOtto, but Carol's experience was not quite so good. She had a couple bullies that caused her some trouble. Sister Cathy was to be her protector.

One of her experiences happened after they started building the new elementary school in the field just next door to us. They had bulldozed up the area and it was quite muddy. Carol decided to go to play with a neighbor girl who lived across the field. She probably went there by the road, but when it was time to come home, decided to take the short cut and cross the field. Well, she got a little ways out into the field and one leg went one way and the other, went the other way and she was stuck in the mud. It was a good thing that our neighbor looked out her window and saw her and she called her husband, the fireman, to the rescue. The mud had just sucked her up and she was surely stuck. No, Carol's experiences at LaOtto were not the best.

Then we moved to the Auburn Road home on a wet and rainy day before Christmas. In the evening that day we went to my sister, Lois's, for our usual Christmas eve get-together. It was a miserable couple of days. All of us

went to my sister, Lois's, for our usual Christmas eve get-to-gether. It was a miserable couple of days. All of us were sleeping in the basement. Finally we got the rooms upstairs done enough so the kids could sleep up there. The girls lived in undone rooms nearly all their teenage lives. I saved enough money from my job to buy them each a couple pieces of furniture from time to time. Carol's was white with gold trim. We finally put a divider in their room so they could each have a separate place of their own. Carol began going to church while we were there and went to Robinson Chapel. One summer day she was baptized in Gloyd's Pond back at their new home that they had built back in the woods.

She met Tim Lockwood, her future husband, through a good friend at church. They were married in 1973. He was a Northsider from Fort Wayne, and we weren't too sure about him as he seemed older and more experienced than our little Carol. But we found out he was a pretty nice fellow!!

Carol had also worked at Walgreens starting while she was in high school yet, and then she got a job at J.C. Penny in the office. She also worked as a secretary for an insurance salesman. They lived first in a trailer that they put on their 3 acres out by Churubusco. Daniel was born while they lived in that trailer and then the men of the family helped them to get an A-frame home started on their land. And they still work on it from time to time. They have a pond and it is a nice home. Carol started a dress business in Churubusco while the boys were still little and called it "Antique Attic", as I remember it. Started upstairs in the old V-shaped building and then finally moved it downstaris. She would put the boys in a play pen while at work. She sold all kinds of clothes and some consignment crafts and a few antiques on consignment. Well, she will have to finish her story. They boys, Daniel and Jared, and their sister Lisa, all grew up. She home-schooled them for a while and then they started going to Churubusco.

After two little girls, we finally did get John. We had his name ready for the first two and just had to set it aside. I am glad now that the two girls were born first as they made better companions for each other that way. John was born in March of 1955 at Garrett Hospital. Dr. Mattmiller was our doctor at the time. In fact, because of the swiftness of the other two births, he came to our home and took me to the hospital with him, while Warren waited on Donna to come to watch over the girls. So he drove me there, ran me up the stairs, and that was about it. John was born very shortly with no pain whatsoever. So Warren had his boy. All men want a son I guess, although the girls were well loved.

John was named after Warren's grandfather, John Fitch. He started his education at Avilla and since the school was so close by, it was easy for them to just walk to school. John had a little Parks boy for a friend while there. At Avilla the boys started playing baseball and continued on then when we moved to LaOtto. Amy has worked at Lincoln Life in Fort Wayne and as a teller in a bank while they were living in Dayton. Soon she had to give up the work as Judy was on the way. Some of the things she learned to do well after her marriage was to sew things for the kids and do several kinds of craft work. I think perhaps cross stitch was her favorite and many of us are lucky enough to have some of her work. She learned to be a really good cook, and probably most of that came from her mother as she did a lot of cooking, canning, etc., and so Amy just did the same. Her mother was really good at Mexican foods.

 Graduation: Fort Wayne Christian School

Medical**Notes**

July started school in Dayton, Ohio, and then when they moved here she started at Fort Wayne Christian and graduated from there. She played a lot of sports while in high school and grew into a good volleyball player, basketball player, and tried pitching in girls softball, which was not her best sports endeavor! But she really was good at volleyball and she could jump like a deer and run well too. However, she never had the chance for track at Fort Wayne Christian. Also plays some volleyball at Huntington College. At the present time she is engaged to Gabe LaGrange, also from Huntington. Perhaps will be married next summer.

Medical

Notes

Larry Michael Fitch was born in 1956 at the Kendalville Hospital. He was a little "imp" and had those sparkling eyes just like Carol and could get into trouble at the drop of a hat. Not that either of them ever appeared to be rebellious, but they both had those eyes that would just snap! Larry started schooling at Avilla and in kindergarten he had "Miss Pat" and she was very nice. In one program that they had at the school Larry played the part of "Mitch Miller" the song leader.

Larry had some friends at Avilla and one of them was the little Davenport boy. They used to run back and forth from one house to another. Larry started baseball at Avilla, and continued when at LaOtto, and on to the Huntertown scene. He was a natural athlete and his only problem was that he did not grow until he was out of high school. That made it difficult to compete with those that were already the size of men. Even with that he was a home-run hitter and a very good ball handler, but when he got to high school did not go out for those sports. Could be that it was hard for him, not only because of his small size, but that his parents were incredibly busy at that time and perhaps he felt there was no time to fit in all the practice, etc. That is the only thing I regret about working. The fact that there was not time to get involved with the kids school activities like we should have.

Larry was perhaps young for his age. Being the youngest child, and not growing as soon as some of his classmates, he tended to find playmates that were younger than he was in age. The Olivers next door and the Alexanders, just another house away were all younger than he was and they were his playmates around home.

He loved his models and had model rockets that he would shoot off in the fields. Also spent a lot of time mowing our field and that was so that we could all hit the golf ball around. Warren put in three "holes" so we could play a little golf, and the boys kept the field mowed.

Larry began working as a porter at Northcrest when he was still in high school also and think he worked there for a couple of years while in school as John did. The Carrs and Scotts took a liking to him and he was able to excell in bowling. It later got him the job at Key Lanes where he worked for several years and where he bowled his best. He met Mary while she was working at Village Bowl and he was a mechanic there for a while also. She had the snack bar. For a long time and maybe it is still in effect, Larry had the highest series ever bowled in Fort Wayne.

To this day it is not hard for him to carry a 200 average even bowling just every other week.

They were married in July of 1978. We had just moved into our new home at the back on "hole #3" and they moved into an apartment on Fairfield Avenue. Mary had a little girl, Kelly, at the time. The rest of the story will be their's to tell. They bought a house trailer, lived at Woodside Apart-ments for a while, and finally moved out to the Fitch farm. Timothy was born while they were in the house trailer and Katie after they had moved out to the farm. After leaving Key Lanes Larry went to work for a landscaper and learned that trade.

Medical**Notes**

As I begin to write this I guess there is a lot about Mary I still do not know. She was married to John Romans and he was in the Navy. She was on the West coast and believe she may have been there when Kelly was born. When Larry met her, she was the manager of the snack bar at Village Bowl. She worked there until after Timothy was born. After they moved out to the farm she was a housewife and mother until the last year or so and then has gone to work in a factory at Garrett to help out with expenses. School now-a-days for kids is an expensive proposition.

Mary came from a family of 3 sisters, Carol who lives in Fort Wayne, and Linda, who is still in Ohio. Mary was a great help when Grandma Fitch (Warren's mother) could no longer keep up her home on her own. She went up to help her out and make sure she had food to eat, etc. She would wash her clothes and her hair and in general just took really good care of her. She would go up for a few hours several days a week until we finally had to put Esther in the nursing home as she was no longer safe at home.

Medical

Notes

Timothy has played baseball for years at Garrett in their Athletic program. He pitched and played short stop or 2nd base. He even got to catch some, but think that was not his favorite thing. He is still in that program. He played 6th and 7th grade basketball at Garrett, ran track for the Jr. High team and did well.

Medical

Notes

Katie has been a sports gal from the beginning. Probably she wanted to do everything that Timothy did and that got her started, but she is pretty good at all she tries. She has played T-ball and then girls softball every summer since she was old enough. Also has played basketball at school and is very good at that. That is enough to keep her busy during the whole school year. She won a free-throw contest and she is also a pitcher on the softball team, and when she doesn't pitch she plays shortstop, or wherever she is needed. Time will tell if she continues to

excel. Her size may determine how far she can go. She is small and with a small mother and tiny sister there isn't a very big chance that she will grow tall.

My little sister, was born on Pontiac Street, 6 years younger than I am. She was born in 1936 so by the time we moved out to the farm at Leo she was in her terrible twos or threes. I thought it was terrible anyway as she literally destroyed my paper dolls! When it was time for her to go to school we were still at Leo and she went to grade school there. Then when we moved to the Garrett farm the school she went to was St. John's and that was a little country school. Just a one-room brick school on a country corner. She went there until they moved into Fort Wayne and then she went to North Side High School. She and Dave Walker were married early in her life. He was still going to High School also and then wanted to go on to Bob Jones. There may have been other places that he also went to school, but remember they went to Tennessee to go to Bob Jones when Susan was quite small. I think mom may have kept her for a while. They had the three children, Susan, Barry, and Chris and then were divorced around 1964. In an unusual situation, they literally exchanged mates and Dave married Dick's wife and Lois married Dick. Lois and Dick kept his three children too and so they raised 6 children, 1 girl and the rest boys.

Lois has been not only occupied with raising the children, but she began to drive school bus for the Lutheran Schools in Fort Wayne. After a few years she became their school bus co-ordinator and that was the job of keeping all the buses going and on time. And if some bus driver was not able to run his route often Lois would have to do that too. She still gets enjoyment out of driving for special events like field trips, etc. and thinks nothing of driving to Florida at the drop of a hat. Now she has given up her co-ordinator job and just drives bus again. But she also is working in the office of Dick's business and selling Amway when she can fit it in. A busy lady.

Dick worked for Harvester. for many years and when he retired he started his own business. They love to travel when they can and have made trips to many places.

Dick's three children that they raised were:

Mike Mueller

Mike Mueller
Mark Mueller
Scott Mueller

All six children were very close in age.

Susan Walker married and had Amanda. Eventually they divorced and just before they did they had adopted a set of twin boys which are being raised by Susan now. Susan is living in Florida.

Barry married and does have children, but at this time I do not know their names or how many he has. They also are living in Florida where his wife came from. With his in-laws they are deeply involved in selling Avon products, although Barry has another job.

Chris, married Joan and they have a daughter, Crystal and are still living in the Fort Wayne area, but have purchased a home in Florida and will be moving there when they can sell their home here.

Will have to check on the particulars and what their names are.

Susan was close in age with our Carol and they spent some time together at Grandma Brown's occasionally.

Richard "Dick" Mueller and Lois were married after the breakup of her marriage and of his. In a strange set of circumstances Lois's husband and Dick's wife got together and chose to break up both marriages so they could be together. So eventually, after both Lois and Dick were left with 3 children each, they decided to put the family back together by getting married themselves.

Dick's three sons are:

1. *Michael David Mueller, born December 7, 1957 in Fort Wayne, and he married Jeanne Perry on June 19, 1982, and have one child. Jeanne also had one son.*

*Jason Perry (Mueller), born June 3, 1980, in Fort Wayne.
Jimmy Paul Mueller, born December 31, 1986, in Fort Wayne.*

2. *Mark Allen Mueller, born September 22, 1959 in Fort Wayne, and he married Deanna _____, on December 20, 1986. Mark and Dee live in Florida also now. I believe it is her parents who are into Amway with Lois.*

3. *Scott Richard Mueller, born May 21, 1962, in Fort Wayne, and married Edith _____ (called Edie) on January 27, 1982. And they were divorced in December 1985.*

Notes

Ernest had polio when he was young and they thought they were going to lose him. But he lived and had a bad limp. Apparently one leg was shorter than the other and his limp was noticeable. He was the only one of the children to get the disease. I think as mom told the story, that my grandmother had gone to care for a neighbor who was sick and later found out that it was polio and she had taken Ernest with her. So she always felt guilty and thought it was her fault for exposing him to the disease.

.....

This is what Sadie had to say about Ernest and his illness....."Ernest had had polio or infantile paralysis earlier so he wasn't very well and he required lots of care yet. Ernest had been very ill, so bad, in fact, he wasn't expected to live. It left him with a bad arm and one leg that wasn't right.

.....

Funeral announcement says that the services were held at 2 p.m. Sunday, September 14, 1997 at the Marquart and Jacobs Funeral Home, Monroeville, IN. Officiating clergy: Rev. Dennis Croy and then he was taken to Convoy, Ohio, for burial.

Mike was at Rose Hulman College in Terre Haute about the same time that John was there. He was some younger, but am sure he graduated from Rose Hulman also. Their children went to school with John and Amy's children at Fort Wayne Christian for a while and Maureen "Mo" would sometimes carpool and help Amy out and Amy would help Mo out when rides were needed for one of the children.

Occupation:	Beauty Shop Owner, and beautician....Magic Mirror, Ft. Wayne, IN

Medical**Notes**

Helen and I.B. married later on in life and they have no children. Helen spent most of her life in owning and operating the Magic Mirror Beauty Shop. I first remember it when it was up above the Meyers Drug Store at the corner of Calhoun and Main Streets in uptown Fort Wayne, Indiana. Later she bought a home on Columbia Avenue a few blocks East of uptown, just across the bridge, and she ran her beauty shop from that home. A lovely big house and that worked out well as she could live there and work there too. Helen gave me my first permanant wave. And many thereafter tho I didn't always go to her.

Helen was the aunt that was closest to me as she had spent some time living with us when I was little and helped to take care of me. Or was it just when Lois was born? I am not sure now. Will have to ask my mom about that again. So I always felt closer to her than any other aunt I had. She was also single for a long time so had more time to devote to us "nieces".

She was the one who helped to entertain us when Louise and I spent the week at Grandma's while mom and dad and Irene and Maxine went to the Chicago World's Fair in 1934. She would be the referee when we would run races across the yard. " One for the money, two for the show, three to get ready, and four to go" would be what she would call out to us and Louise and I would run for all we were worth. We spent a week there at that time.

Margaret Etta Haub did not get married. She lived in Palmyra, Indiana. She worked at the Stagecoach Restaurant until 1976.

From the video taken by Margaret Clouser when they visited southern Indiana there was an interview of Margaret. This is what she had to say at that time in my own words as she was rather hard to understand:

I thought she said she was a daughter of Sophia and William Haub, but looks like she was the daughter of George Haub and Lucy Klinker. She said that she lived with her father after the death of her mother at 37 years of age. She said that her sister, Bertha, married in 1931 and had 5 children and died in 1982. And that she had a brother who made brooms. She showed in the video that she had just a couple of his brooms left. She said that she was 85 when this video was made.

Obituary.....*FORMER WATERLOO DOCTOR, CORONER, LAWMAKER DIES*

Waterloo.....*Dr. Floyd B. Coleman, 81, former state representative and DeKalb County coroner, died Wednesday at his home. Born in Palmyra, Dr. Coleman ran a private medical practice in Waterloo from 1948 through 1988. He was a World War II Army veteran.*

He has served as a state representative for DeKalb and Steuben counties from 1968 through 1976 and was DeKalb County coroner for 14 years.

Dr. Coleman was a founding member of the Waterloo Church of Christ, and was a short-term medical missionary in Central America and Africa. He was also a member of the American Medical Association, the Indiana State Medical Society and the DeKalb Medical Association.

Surviving are his wife, Eva; two sons, David of Escondido, California and Stanley of Durham, North Carolina; six daughters, Janet Lucas of Portland, Oregon, Anita Diehl of Waterloo, Diann Kaufmann of Greentown, Brenda Harris of Colorado Springs, Colo., Loretta Smith of Portsmouth, Ohio and Rachel Block of Grand Rapids, Michigan; two sisters, Beatrice Herdman of Martinsville and Ruth Daugherty of Middletown, Ohio, and 14 grandchildren. He is preceded in death by two sisters and 4 brothers.

Services are at 11 a.m. Monday at the New Hope Christian Center in Waterloo. Calling is from 2 p.m. to 5 p.m. and 7 p.m. to 9 p.m. Sunday at Feller Funeral Home, Waterloo. Calling also will be an hour before the service at the church. Burial will be in Waterloo Cemetery.

(I have this dated January 19, 1999.....not sure if that is the date of death or the date of the paper.

Medical

Notes
 Uncle Ben cleaned his doctor's office after they moved back south.

Henry had Lupus and complications. After he died, Mayme moved to Bedford, married again, and divorced him. She made beautiful hooked rugs and ceramics. Mayme was a diabetic.

Henry got his training through the government during World War II. He was a doctor in Washington IN, for a number of years, then came back to Salem and set up practice. He and his wife built a beautiful home south of Salem on 135 up on a hill. Henry and Mayme had intended to look after Ben and Minnie, but they had already made arrangements with the Weltys in Fort Wayne.

Obituary.....*FORMER WATERLOO DOCTOR, CORONER, LAWMAKER DIES*

Waterloo.....Dr. Floyd B. Coleman, 81, former state representative and DeKalb County coroner, died Wednesday at his home. Born in Palmyra, Dr. Coleman ran a private medical practice in Waterloo from 1948 through 1988. He was a World War II Army veteran.

He has served as a state representative for DeKalb and Steuben counties from 1968 through 1976 and was DeKalb County coroner for 14 years.

Dr. Coleman was a founding member of the Waterloo Church of Christ, and was a short-term medical missionary in Central America and Africa. He was also a member of the American Medical Association, the Indiana State Medical Society and the DeKalb Medical Association.

Surviving are his wife, Eva; two sons, David of Escondido, California and Stanley of Durham, North Carolina; six daughters, Janet Lucas of Portland, Oregon, Anita Diehl of Waterloo, Diann Kaufmann of Greentown, Brenda Harris of Colorado Springs, Colo., Loretta Smith of Portsmouth, Ohio and Rachel Block of Grand Rapids, Michigan; two sisters, Beatrice Herdman of Martinsville and Ruth Daugherty of Middletown, Ohio, and 14 grandchildren. He is preceded in death by two sisters and 4 brothers.

Services are at 11 a.m. Monday at the New Hope Christian Center in Waterloo. Calling is from 2 p.m. to 5 p.m. and 7 p.m. to 9 p.m. Sunday at Feller Funeral Home, Waterloo. Calling also will be an hour before the service at the church. Burial will be in Waterloo Cemetery.

(I have this dated January 19, 1999.....not sure if that is the date of death or the date of the paper.

Aunt Cora Avery lived in Palmyra, Indiana, and when my dad, Guy, and I (Betty) went down to Southern Indiana for a trip that is where I stayed overnight. Mom and Lois had gone with some of her family and dad got this great idea that we would surprise them and go down so got up about 3 am and took off for Southern Indiana. They were surprised. But I remember staying at the Avery's home in Palmyra while we were there. Her home is still in the family and filled with antiques I hear.

From the Washington, Indiana, County Marriage Records, page 5

"I the undersigned, certify that this 6th day of October 1904, I solemnized the marriage of William F. Avery and Cora A. Klinker according to law. Rev. Ide M. Hottell.

William F. Avery, lawyer, age next birthday 41, 1st marriage, born Palmyra, Indiana, parents Greenburg Avery and Louisa Ott. Cora A. Klinker, age next birthday 21, 1st marriage, born near Palmyra, Indiana, parents Henry Klinker and Mary Lamping."

Interesting to note that he was 20 years older than Cora.

Bea Herdman indicated that Cora had rheumatoid arthritis.

Notes

Benjamin Klinker married Minnie Miller who is a double cousin of Hattie Miller Klinker. They had no children. Ben was 98 years old when he died. Ben was blind at the time of his death. They are both buried in Crown Hill Cemetery, Salem, Indiana. Minnie was triple related - Hattie's double cousin, married to Lewis Klinker's brother, making her an aunt to his children.

I remember Uncle Ben and Minnie. We would go to their house occasionally. They must have lived in the area close to Monroeville or Woodburn at the time. It was a small cottage type of house with a white fence all around the yard. Later they moved back to Southern Indiana, but Ben was here in a Fort Wayne nursing home when he died.
